

14m Multi-purpose Landing Craft

LC14

14.4m multi-purpose
Landing Craft.

A 14.4m Aluminium Multi-Purpose Landing Craft

Logistics - Aquaculture – Dive Support – Marine Civils

PDL Marine are proud to present their latest 14m Multi-Purpose Landing craft.

Designed to be able to take loads up to 8 tonnes. A shallow draft landing craft with a double folding ramp to allow access to some of the more difficult approaches makes it a perfect lightweight landing craft. This vessel is suitable for a multitude of tasks and fits in well with the likes of logistical support, aquaculture and marine civils.

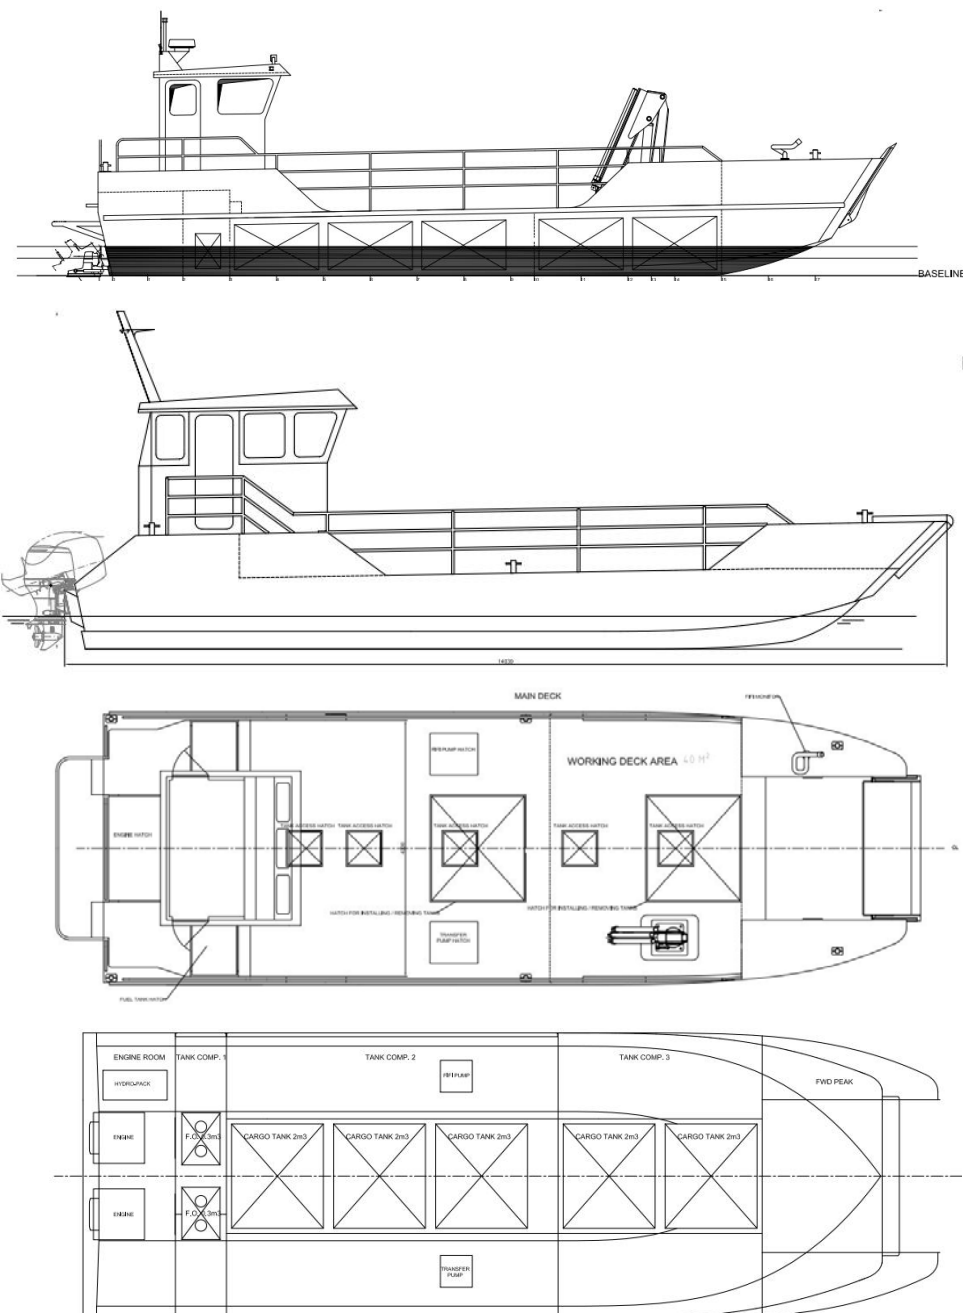

The vessel can be fitted with twin 300hp diesel outboards, triple 200hp outboards internal engines including jet drives if required.

The design ensures the vessel has plenty of capability to operate under a full load of 8 tonnes as well as the ability to carry up to 8 passengers

The vessel is built to MCA category 3 standards and be built to class if required.

Other equipment includes but not limited to:
Deck winches, Capstan
Deck Crane, extended fuel tanks
